**Your Success is Our Pride**

# Letter from the CEO + Chairman of the Board

At American Pride Bank, our goal is bold yet simple: to build the premier private banking experience for the next era of American success. As we looked out at nearly 300 community members gathered for the ribbon-cutting of our new branch in Alpharetta, it was clear we're already on our way.

We have seen the power of people who turn ambition into opportunities. Through determination and creativity, driven individuals sow prosperity wherever they go. With the right financial products and services, they create lasting success for their families, their businesses, and their communities. Since our founding, we've been honored to serve these resolute individuals.

We are proud to say American Pride Bank is on a path of expansion that is just as ambitious and sophisticated as our customers. We're extending into high-growth regions, introducing elite banking technology, and developing banking services tailored to those who demand more.

Together, we are building this growth on the foundation of high-touch relationships, performance-driven strategy, and a deep respect for the communities we serve. Thank you for being on this journey with us.

With gratitude and determination,
